

Auctioneers Notes

Global Sporting Safaris Hunting Trip Donations

- **Auctioneer may sell the donated hunt twice (2x).** If you get two hot bidders, you can “**double**” the donation to your fundraiser. *Here is how that works.* Let’s say you have 2 people bidding up the Africa Safari Hunting Trip. One is at \$2,500 and the other is at \$2,600 and it looks like \$2,600 is going to be the high bid. Before the auctioneer closes bidding, he can ask the #1 bidder if he will take the hunt at \$2,500 and allow both the high bidder and the #2 bidder to each have hunt for \$2,500. This “deal” only works the night of the auction and is not available afterwards. This has worked out great for many fundraising events since it can drastically increase the auction's bottom line.
- **Hunting trips are for 2 hunters.** Remember to reference a “per hunter” breakdown as the auctions progresses. If a hunt for 2 hunters is at \$2000, that’s just \$1000 per hunter.
- **Hunting trips are for Hunters.** Non-hunters/Observers can join at the non-hunter rate and non-hunting activities can be added to the trip at the applicable rate.
- **Hunting trips are good for the current hunting season and up to two seasons in the future,** pending available dates.
